

RESOLUTION NO. 19-23

WHEREAS, the board has been informed that low water pressure is prevalent in the Lake Hills Subdivision and not sufficient to provide adequate service especially in early morning hours.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS of the County Water District of Billings Heights, Yellowstone County, Montana as follows:

The Board directs the staff to investigate and review all options, including but not limited to the proposed Northwest Transmission line, a metered interconnection with the City of Billings Municipal System, or other solutions designed to maintain adequate pressure 24 hours a day to this area and bring said options with estimated costs back to the board for consideration.

PASSED by the Board of Directors of the County Water District of Billings Heights and **APPROVED** this 20th day of September, 2023.
